

Are you a member of the Guernsey MS Society?

If not then please think about joining us!

For just £5 a year you'll be kept up to date with all the latest MS-related news, including stories on treatments, health and social care. You will receive a magazine called MS Matters from the UK, which contains information about treatments, research news and interesting articles about people living with MS.

Just as important about keeping up to date with research from around the world, you will be kept informed about what your local branch is up to. We will notify you about events organised by your local branch, by your choice of contact either by email or post, these you are free to join in or not.

Has your membership expired?

In the past Guernsey membership was dealt with in Guernsey, so if your membership needed renewing then we were able to remind you. However, the membership details are now all kept in the UK, meaning we are no longer able to remind you if your membership has lapsed.

To renew your membership or to join please follow the link below, by copying and pasting it into your address bar.:
